

## FACULTY

**Janet Brierley MBBS, FRCA**, Professor UNM-SOM, Attending Anesthesiologist in Pediatric and Adult OR's

**Nivine Doran, MD**, Professor UNM-SOM, Attending Anesthesiologist in Pediatric and Adult OR's

**Ricardo Falcon, MD**, Assistant Professor UNM-SOM  
Attending Anesthesiologist in Pediatric and Adult OR's

**James Harding, MD**, Associate Professor UNM-SOM, Residency Program Director 2005-2010, Attending Anesthesiologist in Adult OR's (Cardiac)

**John Rask MD, MA**, Assistant Professor UNM-SOM, Director of Anesthesiology Simulation Education Programs, Attending Anesthesiologist Adult OR's

**Tony Yen, MD**, Assistant Professor UNM-SOM, Attending Anesthesiologist Adult OR's

## DIRECTIONS, PARKING, AREA FOOD AND LODGING

For Directions, Parking, and Area Food or Lodging information please visit the UNM-CME webpage at <http://hsc.unm.edu/som/cme/2011/MOCA/MOCA11.shtml>

## Maintenance of Certification in Anesthesiology (MOCA®)

### Program:

The Simulation Education Program of the Department of Anesthesiology and Critical Care Medicine at the University of New Mexico (UNM) School of Medicine is an American Society of Anesthesiologists (ASA) endorsed simulation center. We will be presenting advanced clinical scenarios for small (3-5) groups of practitioners with the goal of fulfilling the ABA Simulation Requirement under the Maintenance of Certification Program in Anesthesiology (MOCA®).

All simulation programs will take place at the UNM Basic Advanced Trauma Computer-Assisted Virtual Experience (BATCAVE) facility in the basement of the Clinical and Translational Sciences Center (just north of the UNM Hospital). The UNM BATCAVE was established as a state of the art training and education facility including high fidelity (METI) simulation capabilities for neonatal, pediatric, and adult patient modeling. It has a full-time technical and support staff who assist in all activities and run many hospital, community, and medical school programs including BLS, ACLS, ATLS, PALS, and neonatal resuscitation programs. (<http://hsc.unm.edu/som/gme/batcave/Tour.shtml>)

### Maximum Student-Instructor ratio = 5:1, Usually 2:1 or 3:1

- Four or more scenarios will be presented for each session.
- Each participant will be the primary manager in at least one of the scenarios
- Post-scenario debriefings will include input from peers and instructors.

### Key topics as recommended by the ABA are:

- Management of significant hemodynamic instability
- Management of significant hypoxemia from any cause, including difficult airway
- Principles and practice of teamwork and Communication

A detailed debriefing regarding the actions, decisions, and processes arising in each scenario is a primary focus of the simulation process. Debriefing will occupy at least 30% of the educational process. Debriefing may also include handouts and/or brief presentations on key clinical issues. As the goal of the ABA simulation program is to enhance and document participation in Practice Performance and Improvement (PPAI) activities, the UNM MOCA programs will focus on helping the participant to identify areas for practice and performance improvement.

**Participant Prerequisite:** ABA diplomate seeking MOCA® recertification

**Cost:** \$1,500.00 (Full refunds for cancellations will only be available until two weeks before the scheduled date of the course.)

**Duration:** 7.5 hours (0800-1530) - lunch provided

The UNM Anesthesiology Simulation Program reserves the right to cancel a session at any time if a minimum number of registrants is not met. (refunds or re-registration will be offered)

**Contact/Questions:** [John Rask MD](mailto:jrisk@salud.unm.edu) at the UNM Dept of Anesthesiology at: jrisk@salud.unm.edu

### Accreditation:

The University of New Mexico School of Medicine, Office of Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Office of Continuing Medical Education designates this live activity for a maximum of 7.5 AMA PRA Category 1 Credit(s)<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

“This simulation course fulfills one requirement of the American Board of Anesthesiology’s (ABA) Maintenance of Certification in Anesthesiology Program (MOCA®) Part IV. Please consult the ABA website, [www.theABA.org](http://www.theABA.org), for a list of all MOCA® requirements.”
